

University of Pittsburgh RFID Center of Excellence

Tuesday October 6, 2009

Time: 6:30PM

University of Pittsburgh

Room 360 Benedum Hall

RFID and the Healthcare Environment

Steve Halliday, President

High Tech Aid
RFID | Barcode | AIDC Consultation Services

We have all heard about reports and articles that RFID is dangerous in the Healthcare environment. But is this hype or reality? Can RFID kill you or is this just another rumor spread by the anti-RFID brigade? Steve Halliday (High Tech Aid) will discuss the issues and highlight some of the work that is currently underway to find out the truth. Steve will cover topics such as pharmaceuticals, pacemakers, hospital equipment and people.

Presentation will be followed by open discussion

Questions and Discussion: 7:00PM

RFID Center Members will meet at 5:00PM in Room 330 Benedum Hall

For Additional Center Information: Call 412 / 624 - 9682
