

# *EC 2000 Outcome Attributes: Definition and Use*

**Mary Besterfield-Sacre**  
**Larry J. Shuman (contact person)**  
**Harvey Wolfe**  
*University of Pittsburgh*

**Cynthia J. Atman**  
*University of Washington*

**Jack McGourty**  
*Columbia University*

**Ron Miller**  
**Barbara Olds**  
*Colorado School of Mines*

**Gloria Rogers**  
*Rose-Hulman Institute of Technology*

---

Readers are highly encouraged to obtain the following publication for explanation and use of the outcome-attribute list.

Besterfield-Sacre, M., L.J. Shuman, H. Wolfe, C.J. Atman, J. McGourty, R. Miller, B. Olds, and G. Rogers. "Defining the Outcomes – A Bloom's Taxonomy Approach to EC 2000" to appear in *IEEE Transactions on Engineering Education*, April 2000.

This work has been sponsored by:

National Science Foundation - Action Agenda Grant (EEC-9872498)  
*Engineering Education: Assessment Methodologies and Curricula Innovations*
